- MEGA Lounge priority servers & golden controller skin
- One-time \$20 MEGA Welcome Credit toward the BlastBox Store

Cancellation & refund policy

Step one, always: confirm which BlastPass tier the member holds — Plus, Plus Extra, or Plus Extra MEGA!!! — **before** quoting any refund. Refund math changes by tier.

This document covers: BlastPass Plus Extra MEGA!!! only.

1. 14-day cooling-off (full refund). If the membership was activated **14 days ago or less** AND the member has streamed **under 2 hours** of BlastPlay, refund the full annual price of \$199.99 with **no cancellation fee**.

2. Prorated cancellation (the usual case). Otherwise, refund the value of the **whole unused months** remaining in the 12-month term, then subtract the tier cancellation fee:

■ Monthly value = $\$199.99 \div 12 = \mathbf{\$16.67}$

■ Count **whole** unused months only (every full 30 days left in the 365-day term).

■ A \$25 cancellation fee applies. The one-time \$20 MEGA Welcome Credit is non-refundable and is deducted from any prorated refund.

3. MEGA Welcome Credit. Deduct the one-time \$20.00 non-refundable MEGA Welcome Credit from the prorated refund.

A refund is **never negative** — if fees exceed the prorated value, the refund is \$0.00.

Quick example. A member activated this tier 100 days ago and streamed plenty. Unused days = $365 - 100 = 265 \rightarrow 8$ whole unused months. Refund = $8 \times \$16.67 - \text{fee } \$25.00 - \text{credit } \$20.00 = \mathbf{\$88.33}$.

All amounts are illustrative and fictional. BlastBox Omega, BlastPass, BlastBuddies, Mystery Cartridge and the MEGA Lounge are invented for this Copilot Studio Modern Agent Experience demo. No real consoles were harmed in the making of this policy.
